SciSynth:

A Journey Into Scientific Computing

Certificate of Completion

This certifies that

Nethmee Perera

has successfully completed the **SciSynth**: *Journey to Scientific Computing* Summer Camp, demonstrating proficiency in:

- Data science fundamentals and applications
- Scientific simulations modeling real-world phenomena
- Machine learning for predictive analysis and pattern recognition
- Advanced concepts in deep learning and neural networks

Presented this **14th** day of **June, 2024**

Suranga Edirisinghe, Ph.D.
Director, SciSynth Summer Camp
